

PORTE HAS REPLY
FROM BULGARIA

Is Ready to Arrange an Armistice With Turkey.

HEAVY FIGHTING CONTINUES

Turkish Commander at Tchatalja Notifies Constantinople That He Has Again Repulsed the Bulgarians and Inflicted Serious Losses Upon Them, Including the Annihilation of Several Batteries.

Constantinople, Nov. 20.—The porte will appoint plenipotentiaries to meet the Bulgarian plenipotentiaries with regard to an armistice. An official note says that the Bulgarian government has replied to the porte's recent communication respecting an armistice and that Bulgaria is ready to enter into relations with the Ottoman plenipotentiaries with a view to the conclusion of an armistice and to discuss conditions of peace.

London, Nov. 20.—The report that an armistice had been agreed to by the Bulgarians and Turks along the Tchatalja lines for the burial of the dead appears to have been unfounded. Dispatches from Nazim Pasha, the Turkish commander-in-chief, show that the artillery duel continued throughout the day. Nazim Pasha sent the following telegram:

"The battle which has been raging for days throughout the whole extent of the Tchatalja lines ended in our favor. We repulsed the enemy's infantry, which attempted to advance in the center, and annihilated several of their batteries. On the right wing we captured two machine guns and a quantity of ammunition.

"From one of the forts in the center we sortied and dispersed the enemy, who had occupied a position in the face of the fort. The greater part of them were killed. We captured 200 rifles and a large quantity of ammunition."

The Turks claim successes against the Bulgarians, but there is nothing to indicate that the Bulgarians have yet made any serious attempt to penetrate the lines. The battle may be ended at any moment by Turkey accepting the allies' terms for an armistice, which are said to include the surrender of the Tchatalja lines, Adrianople, Durazzo and Scutari.

Turks Remedy Army Defects.

There is a possibility, however, that Turkey may decline to surrender Tchatalja. While her Western army has been completely defeated she still possesses, according to the correspondents at the front, a homogeneous army behind the Tchatalja fortifications, largely composed of some of her best fighting material from the Asiatic provinces, which has not yet been in action. Moreover, the demoralization and disorganization which followed the Kilk-Killesh and Lule Burgas retreats appear to have been remedied and the army now is well supplied with food and ammunition.

Under these circumstances the porte may be induced to make a further stand in the hope of securing easier peace conditions. Evidently Bulgaria has brought up all her available forces to attack Tchatalja, including some of the Serbian troops, but the task of crushing the Turkish defense may prove a difficult one.

The prospect of European dissensions arising out of the settlement of the numerous territorial claims to be arranged after the war becomes daily more menacing. Austria has not presented an actual ultimatum to Serbia setting a time limit for a reply to certain inquiries which she has formulated, but, short of that, the relations between the two countries are very strained and Serbia's evident intention to take Durazzo will be still another defiance of Austria.

United States Asks to Send Attaches to Balkan War.

Washington, Nov. 20.—The United States has asked the Balkan allies and Turkey to permit a party of American army officers to join their forces and go over the fields on which some of the greatest battles of modern times have been fought within the past few weeks.

If the permission is given the members of the special cavalry board now touring Europe and the available military attaches at London and Paris will be ordered to the scene at once.

None of the military observers assigned by foreign nations to accompany the belligerent troops in the Balkan war has been allowed to get to the front so far.

Error Believed Wreck Cause.

Norlina, N. C., Nov. 20.—A mistake in reading orders is believed to have caused the collision of two Seaboard passenger trains near here. Eight trainmen, including the engineer who, it is thought, made the error, were killed. Three others were seriously injured.

MASKED MANIAC
CREATES TERROR

Enters Los Angeles Police Station With Infernal Machine.

OFFICER FINALLY SLUGS HIM

Insane Man Has Enough Dynamite and Nitroglycerin to Destroy Entire City Block in His Possession—Fuse Automatically Ignites When Detective Strikes the Man and Terrific Explosion Is Only Averted by Courage and Coolness of Another Sleuth.

Los Angeles, Nov. 20.—Armed with an infernal machine containing enough dynamite to destroy an entire city block, a bottle of nitroglycerin and a .45-caliber revolver a masked maniac took possession of the Central police station and held it for more than an hour while hundreds of occupants of the building and those for blocks around, panic stricken, sought the safety of distance.

When Detective James Hostek knocked the man unconscious with a leather billy after slipping up behind him the fuse of the infernal machine was automatically ignited and without thinking of the consequence Detective Samuel L. Brown carried the box outside, the fuse spluttering and spitting sparks and buried it into the street.

Sticks of high power dynamite scattered over the pavement while hundreds of spectators stood apparently paralyzed by fright awaiting the detonation. Through a freak of chance there was no explosion and Brown continued kicking the sticks of dynamite and jumping on the fuse until he had broken the connection and extinguished the fire.

Maniac Manacled to Cot.

Lying manacled to a cot in the receiving hospital the would be dynamite maker, who gave his name as Albert Henry Davis, is suffering with several severe scalp wounds, but the police surgeons say his injuries are not serious.

The would be dynamite was identified as Carl Warr, a German laborer. In a search of his home tax receipts bearing that name were found and after much questioning by detectives the man admitted that it was his name. He said also that more explosives were secreted in the vicinity of the house and that when he recovered from his injuries he would take the police to the hiding place.

Warr said that he stole the dynamite from the powder house of a quarry at Bloomington, Cal., near Colton. He took an impression of the lock and made keys which opened the powder house.

Warr entered the outer office of Chief of Police Sebastian. His face and head were completely covered with a grotesque mask and he carried in his arms a large box covered with cloth. The box was strapped around his shoulders and resembled a small hand organ.

Sergeant Suspects a Joke. First startled and then amused by the strange spectacle Police Sergeant R. C. Hill, who suspected a practical joke, asked the man what he wanted. "I've got enough dynamite in here to blow us all into eternity," he said, "and I want you to send for the highest official of the Southern Pacific railroad."

The masked visitor rested the box on a filing cabinet and Assistant District Attorney R. O. Graham, who was in the office, started joking with him. "This is no joke," said Warr. "I mean business and if you don't believe it try to take this away from me. My hand is fastened to this box and if I pull it out—bang—we all die."

A hole had been cut in the box and the occupants of the room saw for the first time the man's left hand was hidden in the box. They began to realize that it was no joke. Warr then walked into the office of Police Secretary C. E. Snively, which opens into the private office of Chief Sebastian, and repeated his request that the head official of the Southern Pacific be summoned. Snively asked him if he had any preference in the man he desired to blow up and he replied that he wanted only the head man.

In the meantime Chief Sebastian, who had had a brief conversation with the man and realized that he was in earnest, ordered the street roped off for a block either way and took steps to have the one hundred prisoners in city jail removed.

Home Rule Is Advanced.

London, Nov. 20.—The house of commons, by a vote of 218 to 207, adopted the new financial resolution of the home rule bill. This replaces the resolution defeated on Nov. 11.

FEDERAL CONTROL SUPREME

Judge Prouty Gives His Views of Rate Regulation.

Washington, Nov. 20.—"There should be no such thing as a state line in the commercial interests of the United States," declared Chairman Charles A. Prouty of the interstate commerce commission in his address of welcome at the opening here of the twenty-fourth annual convention of the National Association of Railway Commissioners.

Judge Prouty expressed a desire for harmonious relations between federal and state commissions, but added emphatically, "The federal body finally must be given authority so to regulate traffic as to protect the interests of all and thus prevent the citizens of any one state, in their eagerness to develop that state, from obtaining an undue advantage in rates over those of other states. To that extent the federal commission must be supreme."

ABOUT TWO THOUSAND
ATTEND CONGRESS

Much Interest in Conservation at Minneapolis.

Minneapolis, Nov. 20.—The cause of soil conservation was urged from every angle by foremost conservationists of the Northwest when the first day's program of the second Minnesota Conservation and Development congress was given in the armory. Nearly 2,000 persons from the Twin Cities and other points from coast to coast sat through three sessions of the congress. Keen interest was displayed, despite the length of the program.

The congress was a part of the Northwest Land Products show, held in another wing of the armory. "Minnesota day" was applied to both the land products exposition and the Conservation congress. The crowds alternated between the two attractions.

The only hitch in the program was the inability of the governor to preside at the morning session. He arrived in time, however, to speak briefly on the worthiness of the convention.

James J. Hill was the central figure of the afternoon, although Henry Wallace, former head of the National Conservation congress, delivered what delegates think will prove one of the best addresses of the convention.

ONE JOHNSON CHARGE FAILS

State Unable to Prove Fighter Abducted Lucile Cameron.

Chicago, Nov. 20.—A charge of abduction against Jack Johnson, negro pugilist, was dismissed before Municipal Judge Hopkins because of the prosecution's inability to prove that Lucile Cameron, the white girl whose association with Johnson led to his arrest, had been abducted by him.

GUNMEN GUILTY OF MURDER

Slayers of New York Gambler Will Pay Death Penalty.

New York, Nov. 20.—Former Magistrate G. F. Mahle, counsel for Gyp the Blood, Lefty Louie, Dago Frank and Whitey Lewis, found guilty of the murder of Herman Rosenthal, the gambler, announced that he would appeal from the verdict and, as in the case of Lieutenant Becker, months may elapse before their ultimate fate is determined. Meantime they occupy cells near that of the former police lieutenant in the death house at Sing Sing.

Although the jury actually was out of the courtroom an hour and five minutes it was only twenty minutes after its retirement that word reached the clerk of the court that it had arrived at a verdict. Justice Goff was at lunch and he did not return until three quarters of an hour later.

DEMOCRATS AND
THE PHILIPPINES

Party Must Prepare the Way For Their Independence.

PLATFORM PLEDGED TO IT

Wilson Is Like Bryan in That He Keeps His Own Counsel—Nation Wide Equal Suffrage Is In Sight. Senator Gore Will Be an Important Figure in the Next Congress.

By ARTHUR W. DUNN.

Washington, Nov. 20.—[Special.]—It is difficult to see how the Democratic party can do anything else than prepare the way for the independence of the Philippines. "We reaffirm our position on this subject, and then follow a few unmistakable words, 'We favor an immediate declaration of the nation's purpose to recognize the independence of the Philippine Islands.' It seems to be simply carrying out the many declarations in congress and the efforts of the Democrats while in the minority to insure the independence of the Philippines and to cut adrift from our faroff Pacific possessions.

Of course there are difficulties in the way of granting actual independence, but there should be no trouble in declaring in favor of independence and taking steps to bring it about—that is, if the majority party has the courage of its platform declarations.

His Own Counselor.

Woodrow Wilson is like William J. Bryan in one respect. He is his own counselor. No one is authorized to speak for him, and what is more, no one knows what to say if he attempts to speak for him. He does not tell people things which give them a clew to what he thinks.

That has always been true of Bryan. The Nebraska man never had political intimates to whom he told his plans. Even when he was to be nominated the last time no one could get a line on what he wanted in the platform outside of generalities, nor could any one find out who was his choice for vice president.

Wilson seems to have developed the same traits of self control until he is ready to speak his mind. That is why no one can tell who is going to be a cabinet officer or what is going to happen in regard to an extra session.

Women Gaining.

With ten states allowing women to vote we may safely predict that the time is not far distant when they will have equal suffrage in most of the states and then all, for when they secure three-fourths of the states a constitutional amendment will be adopted making equal suffrage nation wide. The suffragists are taking the right course in fighting in the states instead of trying to work through congress. For years they have been trying to work from the top down. Now they are working from the bottom up and making headway.

Senator Sutherland of Utah is particularly well pleased on account of the advance women have made this year and believes that it will not be long before there will be still greater gains by the women.

A Progressive Leader.

The probabilities are that a blind man will be one of the leaders in the senate. Senator Gore was one of the very first men to declare for Governor Wilson and worked unceasingly for him from the inception of the campaign for his nomination. Gore will be a force in the senate and will fight along pronounced progressive lines.

There is no halfway stopping place for the Oklahoma senator. He wants to go to the root of all the evils of which the people complain. He is a pronounced tariff reformer, even a free trader, if that is possible. He is even more of a trust buster, and he will take active steps to hurry through legislation which will relieve the people from trust burdens.

Gore will be an important figure in the next congress.

Barnacles Must Move.

Nearly sixteen years ago President McKinley appointed certain men to office. They held on through four years and a half of his administration, through seven years and a half of Roosevelt and will hold through four years under Mr. Taft. Now they must move. And, strange though it may seem, there are a lot of people who welcome a change of administration in order to see these barnacles scraped off the ship of state. Some of them have the idea that they own the government.

Bourne's Meteoric Career.

Jonathan Bourne, Jr., of Oregon was scarcely known six years ago. He was then the caucus nominee for senator and was elected the following winter. Since that time he has made his mark in public life. He advanced rapidly and has fine committee assignments, better than any other senator of the same length of service. He became a prominent figure before the country by his insistence that Roosevelt should be elected for a second elective term. He also played golf with Taft after the latter had been nominated and elected president.

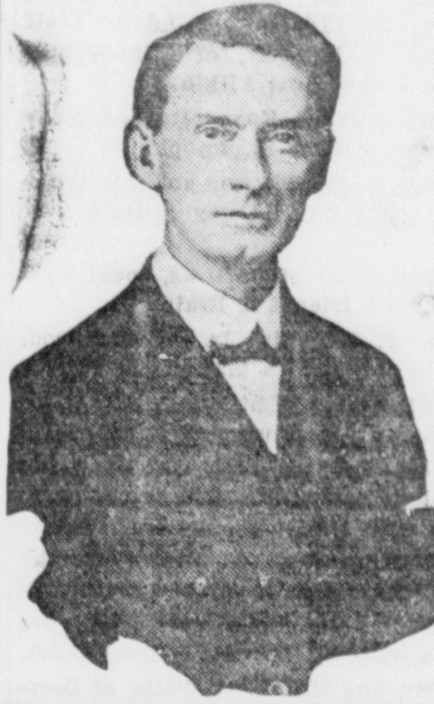

Early in the administration Bourne broke with the president because Taft was far from being as progressive as Bourne thought he should be. And yet with all his national prominence Bourne has been defeated.

THOMAS E. WATSON INDICTED

Charged With Sending Obscene Matter Through Mails.

Augusta, Ga., Nov. 20.—Thomas E. Watson, at one time presidential candidate of the Populist party, now editor and publisher of the Watson Jeffersonian, was indicted by a federal grand jury on a charge of sending improper matter through the United States mails. The charges were presented in connection with articles which appeared in the magazine under Mr. Watson's signature, bitterly attacking Catholicism. These articles were characterized by the grand jury as "obscene, filthy and improper to be spread on the court records."

OFFERED \$200 TO
DYNAMITE BRIDGE

Sensational Testimony at Trial of Iron Workers.

Indianapolis, Nov. 20.—Charles Brown, who has been described by the government as a citizen with important evidence, testified in the so called dynamite conspiracy that W. Bert Brown, one of the iron workers' officials in Kansas City, and James B. McNamara tried to induce him to blow up a bridge across the Missouri river and do the dynamiting jobs in Los Angeles. The witness said he became acquainted with McNamara in a barber shop in Kansas City and later met him on the Pacific coast. McNamara, he said, loaned him \$50 with which to return to Kansas City.

"McNamara told me he could fix it so I might earn lots of money," said the witness. "He said a lot of non-union jobs were to be blown up and there would be work in Kansas City."

"He introduced me to Bert Brown and said he would pay me \$200 to blow up the bridge. Brown said it was an open shop job and they wanted to make the contractor put on union men. I asked Brown why he didn't do it and he replied that they wanted to get some one outside the union because union men would be suspected."

SLAIN THIEF WAS A FAGIN

Vogel Had More Than Forty Girls Stealing for Him.

New York, Nov. 20.—Henry Vogel, "weeping thief" and Fagin, master of more than forty girl thieves who stole for him, died fighting when trapped in a Bronx hotel. Evidence developed that he did not turn his eleven-shot automatic pistol on himself after he had shot one man to death and wounded four others, but, with the woman who was known as his wife, was killed by bullets from detectives' revolvers.

This new light on the sensational affray was revealed by the autopsy. Vogel's pistol fired only steel-jacketed bullets. One lead bullet from a police revolver pierced the heart of the thief, another bored through him directly under the heart and a third shattered his right wrist. The woman, at first thought to have been killed by Vogel, also was killed by bullets from the detectives' weapons.

Aurora, Minn., Nov. 20.—Mistaking John Banning, a trapper, for a moose John Maki shot and instantly killed him near Skibo. The bullet took effect through the heart and death resulted instantly.

LOSE LIVES IN HOTEL FIRE

Three Persons Killed and Many Hurt at Los Angeles.

Los Angeles, Nov. 20.—Three persons lost their lives in a fire which partially destroyed the St. George hotel here. Fourteen were injured, of whom an infant, dropped by its frantic mother in a flame swept hallway, will die.

The fire is supposed to have been caused by crossed wires in a linen closet. There were 100 guests in the hotel and some of these have not been accounted for. The police fear the others may have perished.

WILSON SENDS
FOR NEBRASKAN

SAW PART OF THE TRAGEDY

Woman Testifies Against Lawyer Accused of Murder.

Goshen, N. Y., Nov. 20.—Mrs. Emma Benninger of Paterson, N. J., testifying for the state in the trial of Burton W. Gibson, the New York lawyer accused of murdering Mrs. Rosa Menschik Szabo, his client, said she saw part of the Greenwood lake tragedy. Her testimony apparently was intended to controvert the contention of the defense at the preliminary hearing that Mrs. Szabo, as she struggled with Gibson in the water, tore the shirt of his bathing suit from his back.

"I heard Mr. Gibson shout," Mrs. Benninger said, "and from my porch I could make out that he was overboard. The boat was drifting slowly, right side up. I could see him swimming toward it. I ran to the hall and got my opera glasses and looked at him through them."

DIES IN REAR END COLLISION

One Man Killed and Three Others Fatally Injured.

Winnipeg, Nov. 20.—One man was killed and three were fatally injured in a rear end collision on the Canadian Pacific railway at Wessex, near Crossfield, Alta. The dead and injured were taken to Calgary by train ambulance.

Jeremiah Sullivan, employed by George Timothy, a stockman of Lethbridge, who was on train with two cars of stock, was killed instantly. The three men hurt are: Eric Erickson, Richard Danby and George Crosby.

The first train had stopped to repair a heated journal and the crew neglected to send back a flagman. A second train northbound crashed into the rear and plowed through the eight rear cars of the freight.

The victims were all in the caboose.

MAY END WIRE TRUST CASE

Negotiations Under Way With Attorney General.

Washington, Nov. 20.—Negotiations are under way between Attorney General Wickersham and the American Telephone and Telegraph company regarding a friendly settlement squaring that corporation with the Sherman anti-trust law as a result of an extensive investigation by the department of justice. It is understood the attorney general has pointed out to representatives of the company several modifications, which he considers necessary to bring it within compliance with the law as interpreted by the supreme court in the Standard Oil and Tobacco cases. The investigation of this company is one of the biggest questions pending before the department of justice.

ARRAIGN THE SHERMAN LAW

Federation of Labor Speakers Call It Menace to Workers.

Rochester, N. Y., Nov. 20.—An all day discussion of the Sherman anti-trust law, as interpreted in the Danbury hatters' case, prevented consideration by the American Federation of Labor convention of the committee on education's report on the resolution favoring adoption of industrial unionism.

Throughout the day speakers arraigned the Sherman law as a menace to the right of workers to associate for purposes of common interest. On this point there was agreement; but a difference of opinion arose as to the best means to combat the law.

President Elect Summons W. J. Bryan to Bermuda.

REVIVES CABINET GOSSIP

Prominent Democrats Believe Commander Will Be Offered the Secretary of State Portfolio and That He Will Be Consulted Regarding the Personnel of the Remaining Members of the Incoming Official Family.

Washington, Nov. 20.—Democrats in Washington were advised that William J. Bryan had been invited by President Elect Wilson to confer with him in Bermuda. This indicates, in their opinion, that Mr. Bryan is to be a factor in getting up the machinery for the new Democratic administration.

Those politicians recalled that four years ago President Elect Taft announced that Philander Knox would be secretary of state in the new administration before the full cabinet list was announced and then invited Mr. Knox to advise with him in building his cabinet. Democrats are wondering whether Mr. Bryan is to play the same role in the Wilson administration.

All the information that has come to Washington recently has given Democratic statesmen the impression that William J. Bryan will have the privilege of accepting or declining the portfolio of secretary of state.

Asserts Bryan Will Decline.

One prominent Southern senator professes to have positive information that Mr. Bryan will decline and that Senator James A. O'Gorman of New York will be offered the portfolio and will accept it; but there are other Democrats who stand in closer relations to Mr. Bryan who believe he will accept. The fact that he has accepted an invitation to join the president elect at Bermuda has further convinced observers here that he is to have a powerful voice in the new administration.

Some of Mr. Bryan's friends in congress went so far as to predict that nobody would be selected for the cabinet who was not personally agreeable to Mr. Bryan.

There was a persistent rumor among Democratic senators and representatives that one cabinet post had been settled. It was said that United States Senator Gardner of Maine would surely be secretary of agriculture. Senator Gardner was defeated for re-election. He was an original Wilson man and prominently identified with the national granges.

WILL FIGHT FREE TOLLS

Effort to Be Made to Repeal Canal Provision.

Washington, Nov. 20.—A determined effort will be made at the session of congress which begins next month to repeal the free tolls provision of the Panama canal act. This was made known by Representative Thetus W. Sims of Tennessee, one of the most influential Democratic members of the house committee on interstate and foreign commerce. Mr. Sims introduced a bill for this purpose immediately after congress passed the Panama act last summer. The act relieves American coastwise ships from all tolls.

"I shall ask Chairman Adamson of the interstate and foreign commerce committee to call a meeting to consider my bill at the earliest moment," said Mr. Sims. "I do not know whether the committee will report it favorably, but I think it will."

STOPS SERVING WARRANTS

Attorney General Prevents Arrest of Standard Oil Men.

Washington, Nov. 20.—Attorney General Wickersham has directed that warrants be not served upon John D. Archbold, H. C. Folger, Jr., and W. C. Teagle of the Standard Oil company as the result of their indictment in Dallas, Tex., last August in connection with the case against the Magnolia Petroleum company. The attorney general states that the evidence in possession of the government at present is insufficient to sustain the indictment and justify removal proceedings.

Mr. Wickersham has summoned the United States attorney of Dallas to Washington for a conference about the case.

IMMENSE SHIPPING TRUST

Five of Largest English Companies May Merge.

London, Nov. 20.—It is asserted in financial circles that preliminary negotiations have been completed to form the greatest shipping combine the world has ever seen. The companies pooling interests are the Cunard, Peninsular and Oriental, Royal Mail, Steam Packet company, British India Steam Navigation company, and Furness, Withy & Co.

These companies have a combined capital stock of \$113,000,000 and own 416 ships.

Allens Granted Respite.

Richmond, Va., Nov. 20.—Governor Mann granted Floyd and Claude Allen a respite until Dec. 13. They were sentenced to death in the electric chair Nov. 22 for their part in the Hillsville, Va., courthouse murders.

WEDNESDAY, NOVEMBER 20, 1912

A movement is on in Chicago by the journeymen barbers to give seven clean Turkish towels for every shave for sanitary reasons. Chicago must be a dirty city.

Now that all the figures are in on the state election the third party candidate for governor is not wondering why Jake Jacobson was too busy to become the figurehead of that party as its leader in the late unpleasantness. Jacobson knew where he was at and Collins was willing to find out, in fact too willing.

Reapportionment will be one of the live issues at the coming session of the legislature and inasmuch as the senatorial terms expire with the closing of the session there seems to be more chance for the passage of the bill than at the last session. It should be first and foremost in the matter of business transacted.

Bob Dunn is feeling pretty good, thank you, for the support and passage of his one-mill tax amendment at the recent election. Good roads will be given a big boost through the efforts of the Princeton editor, who by the way was reelected to the legislature by the largest vote of any candidate in his district, and he will be on the job again at the state capitol this winter.

Fred Lynch will be the man who will dictate democratic doings in Minnesota during the next four years, and lucky is the man who gets his ear. Mr. Lynch can undoubtedly have an appointment under the democratic administration but it is a question as to whether he would wish to leave his large business interests in the west and south for a cabinet position. Fred Lynch is a big man in every sense of the word and his advice and assistance to his party has been appreciated.

Governor Eberhart received a plurality of 30,029 over his democratic opponent, P. M. Ringdahl, but the political writer on the Minneapolis Journal can see no triumph in the figures for the governor. No matter what the figures might have been in previous elections a candidate in the field for governor on a ticket divided against itself and supporting the candidate for president third in the list who could win with 30,000 votes to the good certainly has reasons to be very well satisfied with the result. The figures are more pleasing, possibly, to Gov. Eberhart than to the Journal.

"Tells the Whole Story"

To say that Foley's Honey & Tar Compound is best for children and grown persons and contains no opiates tells only part of the tale. The whole story is that it is the best medicine for coughs, colds, croup, bronchitis and other affections of the throat, chest and lungs. Stops la grippe, coughs and has a healing and soothing effect. Remember the name. Foley's Honey & Tar Compound, and accept no substitutes. H. P. Dunn.—Adv. mwf

CAN YOU DOUBT IT?

When the Proof Can be so Easily Investigated

When so many grateful citizens of Brainerd testify to benefit derived from Doan's Kidney Pills, can you doubt the evidence? The proof is not far away—it is almost at your door. Read what a resident of Brainerd says about Doan's Kidney Pills. Can you demand more convincing testimony?

Mrs. W. J. Coons, 920 Seventh St., S., Brainerd, Minn., says: "It was three years ago that I had kidney trouble and lameness in my back. I was then living at Little Falls, and upon using Doan's Kidney Pills was relieved. Other members of my family have taken them for kidney complaint. Our experience convinced us that this remedy has not been endorsed one bit too highly. Doan's Kidney Pills procured at H. P. Dunn's drug store, not only act promptly but the results are lasting."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

CLEAN YOUR LIVER AND 30 FEET OF BOWELS WITH "SYRUP OF FIGS"

More effective than calomel, castor oil or salts; gently cleanses the stomach, liver and bowels without nausea or griping. Children dearly love it.

You know when your liver is bad, when your bowels are sluggish, you feel a certain dullness and depression, perhaps the approach of a headache, your stomach gets sour and full of gas, tongue coated, breath foul, or you have indigestion. You say, "I am bilious or constipated and I must take something tonight."

Most people shrink from a physic—they think of castor oil, calomel, salts or cathartic pills.

It's different with Syrup of Figs. Its effect is as that of fruit; of eating coarse food; of exercise. Take a teaspoonful of delicious Syrup of Figs tonight and you won't realize you have taken anything until morning, when all the clogged up waste matter, sour bile and constipation poisons move on and out of your system, without gripe, nausea or weakness.

BRAINERD MAN KILLED IN STOCKTON

Dan Holliday, Elevator Operator at Hotel Bronx, Accidentally Crushed to Death

PINNED DOWN BY ROOF OF CAGE

Deceased Was a Member of the Woodmen and Lived in Brainerd Ten Years Ago

Dan Holliday, who lived in Brainerd ten years ago, was accidentally killed in an elevator accident at the Hotel Bronx, Stockton, Cal., where he was employed. The body was sent to Boise, Idaho, for burial.

The Stockton Daily Evening Record gives the following account of the accident: "The inquest upon the remains of Dan Holliday, the elevator operator at the Hotel Bronx who was killed at three o'clock in the afternoon, was held by Coroner Wallace at the morgue. A verdict of accidental death was returned. The funeral will be held Thursday under the auspices of Stockton Camp of the Modern Woodmen, of which he was a member.

Charles Cartwright, an elevator repair man, who was working in the pit directly underneath the elevator when the accident occurred, testified that while the elevator had been working satisfactorily, a rattling sound had been detected. We went into the pit to investigate the cause of the sound and the elevator had been sent to the third floor. Holliday was on the third floor in charge of the cage. Cartwright desired to remove one of the counter weights from one of the cables, as it was too heavy for the cage. He called up to Holliday to lower the cage about two feet. The cage was lowered and at the same time Cartwright heard a groan.

The man in the hotel office on the second floor heard the groan and thought it came from the bottom of the pit. He rushed to the lower floor and Cartwright told him that the sound came from above. The two men hurried to the third floor and found the elevator door open. Holliday's hands, head and shoulder were resting on the floor, while the roof of the cage pinned him down.

The corpse was rescued by members of the fire department, who made the cage fast with ropes and chopped away the floor.

Daniel Holliday was a native of Murphysboro, Ill. He and his only daughter, Miss Veigh Holliday, came here a year ago last April. Miss Holliday is cashier at the Arlington cafeteria.

VERNON & CLARKSON

Will Conduct the Natatorium and Baths and a Pressorium Business on Front Street

The natatorium and Turkish bath parlor which has been operated by Mr. George Ridley, has been purchased by Miss Vernon and Paul Clarkson.

Mr. Vernon will continue his pressorium business at the new stand on Front street and extend the business to altering and French dry cleaning.

Mr. Clarkson, whose long association with athletics and indoor sports has given him a thorough knowledge of gymnasium work and baths, will conduct the classes and bath parlors.

This will be an innovation for Brainerd and the Dispatch wishes these gentlemen unqualified success.

GRAND PRESIDENT VISITS

Peter J. Smith Guest of Honor at Meeting of the I. S. W. A. Lodge Monday Evening

Branch No. 57 of the Independent Scandinavian Workingmen's association held a meeting Monday evening in honor of the visit of their grand president, Peter J. Smith, of Eau Claire, Wis. Over 100 members and their families were present to welcome him.

Mr. Smith spoke an hour and a half and at the conclusion of his speech was warmly applauded. He told the audience that since the organization was started in 1893 it had paid over \$300,000 to the beneficiaries of deceased members and over \$75,000 to sick members; that the order now had over 5,000 members in Wisconsin, Minnesota and the Dakotas; that the branch here had received \$6,500 in death benefits for the families of deceased members.

Mr. Smith is a fluent speaker and can easily convince his audience of the necessity of belonging to the order. There were several numbers of instrumental music and songs. A splendid banquet was given by the local members. The Brainerd lodge bears the distinguished name of "Bjoernstjerne" and has about 100 members.

The president left for Akeley and to visit several lodges in Minnesota and North Dakota before he returns home.

Maghan-Bryll

A pretty wedding took place Monday afternoon at four o'clock when Miss Martha Bryll, daughter of Mr. and Mrs. George Bryll of Platte Lake township became the bride of Ernest Magnan, the son of Mr. and Mrs. Arthur Magnan, Rev. Father J. J. O'Mahoney officiating at St. Francis Catholic church.

The wedding march was played by Miss Fisher of Duluth, and Mr. Jenest. The bride was beautifully gowned in cream messaline trimmed with silk fringe and lace and finished with pearl beads. She wore a veil and carried a large bouquet of of bride's roses.

Miss Adelle Magnan, a sister of the groom, was the bridesmaid. She wore a gown of white corded silk, draped with chiffon and carried pink roses. E. J. Magnan, a brother of the groom, was the best man.

After the wedding a reception was given at the home of Mr. and Mrs. Albert Jenest of Brainerd. The dining room was beautifully decorated with snowballs and carnations. Mr. and Mrs. Magnan will leave for a trip out west.

The out of town guests were Miss Adelle Magnan, E. J. Magnan and Miss Fischer of Duluth.

The happy couple will make their home in Brainerd where the groom is employed at the shops.

R. G. Collins, postmaster at Barnegat, N. J., writes: "I find Foley's Honey & Tar Compound the best remedy for a cough that I ever tried. I had a lagrippe cough, and each violent fit of coughing completely exhausted me. I bought a bottle of Foley's Honey & Tar Compound and before I had taken one-half the coughing entirely ceased. It can't be beat." H. P. Dunn.—Advtd.

ACTIVE WINTER IN IRON ORE MINING

Heavy Production in the Underground Properties of the United States Steel Corporation

OFFICIALS VISIT THE RANGES

Optimistic Prediction is Made by J. H. McLean, General Manager Oliver Mining Co.

Heavy production in the underground mines of the United States Steel corporation in Minnesota and Michigan during the coming winter is predicted by J. H. McLean, general manager of the Oliver Iron Mining company, says the Duluth Herald.

The annual inspection of the Oliver Iron Mining company's mines has just been completed by D. G. Kerr, vice president of the United States Steel corporation. He was accompanied on a two weeks' trip over the Minnesota and Michigan ranges by President W. J. Olcott, vice president Pentecost Mitchell, General Manager J. H. McLean and Assistant General Manager J. H. Harding of the Oliver company. Mr. Kerr has returned to New York.

Preparations are being made for an active winter in the underground mines of the company. The ore shipping season will soon close.

Newburyport, Mass., Mrs. Chas. Jackson, states: "I greatly feared I was going to have tuberculosis so I got Foley's Honey & Tar Compound took it. The hemorrhages stopped and today I am a well, strong woman with no sign of tuberculosis trouble. I always keep Foley's Honey & Tar Compound in the house as it keeps the whole family free from colds." H. P. Dunn—Advtd. mwf

SHOOTS BIG MOOSE

First of the Season Landed by Peter Garney of Little Falls Near Grand Rapids

Peter Garney, of Little Falls, passed through Brainerd today with the first moose killed in this section. He shot a 700 pound cow moose 58 miles from a railway at a point near Bear Lake northeast of Grand Rapids.

The moose was shot on high ground and although filled with lead retreated to an almost impenetrable swamp and there fell in the wilderness. It took Garney and his teamster two days to cut a road through the swamp to the fallen moose. Two days and two nights were consumed hauling the moose from his last stand to Grand Rapids.

Mr. Garney also shot a doe weighing 150 pounds and altogether was a most fortunate hunter, showing his satisfaction when he watched the baggage men unload his game from the Duluth train and place it on the afternoon train for Little Falls.

HOME MISSION WEEK

Rev. Sheridan Gave a Stirring Address Last Evening on Home Mission Problems

Rev. G. P. Sheridan gave a stirring address last evening at the Methodist church in the series of studies on home mission problems. The campaign is not one of money raising but rather one of education. The churches of the land should be the first organizations to be interested in all the needs of all the people in our own country.

Rev. R. E. Cody will speak on "American Social Problems" at the First Baptist church tonight at eight o'clock.

Thursday night the regular prayer meetings will be held in the various churches. Friday night the union meeting will be held in the Presbyterian church. Rev. E. E. Satterlee will speak on "The Immigrants."

West Mills, Maine, Harry W. Blanchard, says: "I am glad to give you my opinion of Foley's Kidney Pills as they have done me so much good. I took other kidney medicines but with no relief. Foley's Kidney Pills helped my back, also my kidneys and bladder and I am glad to tell what they did for me." H. P. Dunn—Advtd. mwf

Y. M. C. A. STATEMENT

Being Mailed Out Today by the Directors of the Association—Church Supper Tonight

A little statement is being mailed out by the board of directors of the Y. M. C. A. today in which an explanation is made regarding the campaign which is to begin tomorrow for funds. Whether or not you are interested in the work of the Young Men's Christian Association you are asked to read this little statement carefully. The association is a Brainerd institution, the question of its financial support and operation is a matter for the people of Brainerd to decide upon. Read the little statement and when some member of the campaign committee calls on you tomorrow or sometime during the next five days you will be able to facilitate matters because of your being informed.

Attention of the workers is again called to the supper that is to be served by the ladies of the Norwegian Lutheran church in the basement of their church tonight at 6 o'clock for the workers who are to take part in the campaign. It will be a strictly informal affair and the men are requested to come direct from their work instead of going home for supper. The program will be finished in time to meet any other engagement for the evening.

ROYAL
BAKING POWDER
ABSOLUTELY PURE

Cooking is a matter which concerns the whole family, and under modern methods and conveniences it is made so attractive the whole family is becoming interested, if not taking part in it.

"These biscuits are delicious; this cake is excellent," says the father. "I made them," says the daughter, and both father and daughter beam with pleasure.

It is a crime, with our modern agencies, helps and facilities, to have soggy biscuit, or wooden cake, or leaden pastry.

Royal Baking Powder has made home baking a success, a pleasure and a profit, and the best cooking today the world over is done with its aid.

This is a strong claim but we are so sure of favorable results that we take the risk in your trial. We can now offer a preparation for the cure of Rheumatism that is guaranteed to give the results you seek. This is

Dr. Cunningham's
Anti-Rheuma Toxine Prescription

A specialist in Rheumatism, Gout and all uric acid complaints perfected, after much careful work, the formula for this remarkable remedy. He has given a prescription which produces results that are almost miraculous. And the medicine does not upset the stomach and heart as do many secret preparations. The formula is on every label.

To get almost instant relief you should apply a Dr. Cunningham's Plaster to the part most affected. This will draw out the uric acid as the internal remedy breaks up its deposits.

Remember—you take no risk in this treatment and you will do well to start taking it today.

FARMER'S SHORT COURSE

Open to all at University Farm, St. Paul, January 20 to February 15, 1913

The Short Course for Farmers, which is held at the School of Agriculture, University Farm, January 20th to February 15th, will have a number of special features which will make it very attractive to the farmers of the state.

Professor C. G. Hopkins, now of the Agricultural College of Illinois, but born and raised in Minnesota, will lecture on soil fertility and a permanent system of agriculture. Dr. Hopkins is a scientist of world-wide reputation. M. L. Bowman, joint author of "Corn," a textbook used in a number of schools and colleges of agriculture, will again lecture on this subject. Mr. Bowman is an enthusiast, and stimulates great interest in the subject.

H. G. Van Pelt, author and lecturer, will lecture on "Types of Dairy Cattle." Mr. Van Pelt has been giving these lectures in nearly all parts of the United States. He is one of the best dairy lecturers in the country. He judged the dairy cattle at the last Minnesota State Fair.

The last week of the month will be given up largely to the subject of horses. At that time the Minnesota State Horse Breeders' association will convene at the school, and all farmers taking short course work will have the advantage of attending these meetings. G. L. Carlson, of Nebraska, who stirred up such a great interest in the subject of horse breeding last year, has been secured for lectures again this year. A number of other prominent horsemen have also been secured.

One of the special features of the course will be the consideration of the silo question. Representatives of many makes of silos will be on hand to explain the features of the different styles of silos manufactured. An open forum of the whole subject will be given. A. C. Smith, who has recently taken charge of the poultry work at the University Farm, will give special work for those who are interested.

No entrance requirements are enforced for the Farmers' Short Course, but there will be a registration fee of \$5.00 for the entire course or any part of it. Anyone may attend who is able to profit by it and men and women, young and old, all are invited to attend. For particulars and program address J. M. Drew, Registrar, University Farm, St. Paul, Minn.

MUSIC AND DRAMA

"Buster Brown"

"Buster Brown" will appear at the Brainerd opera house Thursday matinee and Thursday evening. Of this Thanksgiving attraction in Brainerd, the Evanston Daily News says:

"For a laughmaker 'Buster Brown' the fascination at the Evanston this week, is the finest little giggle-provoker that has glistened behind the footlights of the local playhouse in many a moon. This cramming musical comedy was composed with one express object, that is, to produce laughter and make the audience forget for the time being the woes of the high cost of living. That is succeeds in its mission is certain. A glance over the audience when Tige, Mary Jane and Buster are 'cutting up' will prove the authenticity of this statement.

"The production differs entirely from the usual character of dramas produced all too frequently and proves a pleasant relief from the popular scene of the villain stabbing the lover just on the eve of the wedding. The play is not thrilling. Neither is it exciting to the extent of straining a person's nerves. But there is a laugh coming every minute, so what more can a person desire. The play is a short one of only two acts, but it creates as much mirth during this time as the usual long ones do when you begin to yawn awaiting the curtain to drop.

"Strange as it may seem to local theatre-goers, Miss Johnston, as Mrs. Brown, and Mr. Minturn, as Buster's papa, indulge in some graceful and artistic dancing. Mr. Minturn also proves extremely adept at 'pounding' the piano.

"Buster proves a very attractive and clever lad, as we expected, and he is ably assisted by the antics of Tige and cute little Mary Jane. Miss Russell's singing is wholesome and compares favorably with the comedy stunts of Mr. Satterlee. As the kind old grandmother Miss Allen appears real."

CROW WING ITEMS

Mr. Ellis Smock, of Kintyre, N. D., has arrived with a car of household goods, etc., and moved onto the Wetherbee place.

Mr. and Mrs. A. Quackenbush, of Barrows, spent Sunday afternoon at Ed. Milam's.

Mr. and Mrs. L. Bailey are in the woods hunting deer.

Mr. and Mrs. Fred Ott have returned from Oregon.

The mask ball in Barrows hall on Saturday evening was well attended. A. Quackenbush took the gent's prize, and Miss Anderson the ladies prize. Remember the S. S. and church services at Barrows on Sunday. S. S. at 2:15, church at 3:00, Rev. Satterlee preaching.
